EvacuBlast

DPF Cleaning System

THE CLEANEST DPF POSSIBLE

With our meticulous 8-step process and advanced cleaning equipment, we guarantee top-quality results every time! CDS professionals carefully measure and document airflow before and after cleaning to ensure effective carbon removal. Each filter undergoes thorough inspection, precise cleaning, and complete documentation.

AQUEOUS CLEANING The EvacuFlush

SCAN TO VIEW

The EvacuFlush system meets OEM and industry standards for "Water Cleaning." Paired with the EB9005-D DPF Dryer, it reduces dry time to three hours, versus the typical 8 hours.

Ideal for coolant-soaked DPFs, removing residual ash/dust.

OEM-approved, meets or exceeds all industry requirements.

Separates contaminants, cleans, and recycles wastewater.

Safe and eco-friendly, protecting metal substrates

SERVICES OFFERED

ALL MAKES, MODELS, BRANDS AND APPLICATIONS

- Diesel emission diagnostics, cleaning, and repair

DPF & DOC CLEANING

Our specialized cleaning process restores filters to peak performance, reduces emissions, and extends filter life for optimal efficiency.

SCR & ONE BOX CLEANING

Our skilled technicians use state of the art cleaning equipment and processes to refurbish back to OEM optimal performance levels.

EGR CLEANING

CDS Licensees can inspect, clean, and test your EGR to OEM Specs. We use the latest TMC techniques to ensure the best results possible, saving your fleet thousands of dollars.

FLEET MAINTENANCE

Full-service maintenance for large fleets, including oil changes, preventive maintenance, welding, DOT inspections, wiring, lighting, and more

SINGLE SOURCE BILLING

CDS simplifies your operations by managing dispatching, accounts payable, and receivable under a single billing system.

STANDARDIZED NATIONWIDE PRICING

We offer a single price for filter cleaning, with clamps and gaskets, to help large fleets forecast budgets across the country.

ABILITY TO CLEAN OIL-SOAKED FILTERS

Our proprietary methods have a 90% success rate, effectively restoring even the most challenging oil-soaked filters.

STANDARDIZED CLEANING PRACTICE

Our licensees use Cummins-approved Enviromotive equipment, ensuring certified, consistent, and efficient filter cleaning.

FULL STOCK OF GASKETS & CLAMPS

Each cleaned filter includes a complete set of gaskets and clamps for easy installation and reliable performance.

FREE PICKUP & DELIVERY

Enjoy hassle-free service with 24-hour turnaround for pickup and delivery in most markets, minimizing downtime.

FILTER & BUNG REPAIR

We repair cracked retaining rings, straighten bent flanges, and replace damaged bungs. All sensor bungs are manufactured to fit OE specifications.

REPLACEMENT DPFs & DOCs

OEM filter exchange and core bank management programs are available to ensure efficient and seamless replacements.
