CDS FLEET SERVICES NATIONWIDE BRANDED EXCELLENCE

The CDS Network responds to the coverage, compliance, performance and cost-efficient- time essential demands of America's Fleets.

Certified Quality

CDS licensed operations are rigorously screened, monitored and perpetually evaluated to ensure performance at the CDS Brand Standard. CDS Network management works closely with affiliates to deliver consistent world class client care and unfaltering nationwide excellence. All filters are serviced by trained and certified technicians using the best equipment and proven branded CDS restoration processes.

The Cleanest DPF Possible

CDS certified facilities restore diesel particulate filters to "like new" performance. Our branded cleaning process and technician expertise eliminate unnecessary and premature filter replacement. We restore over 97% of the filters we service and deliver them to you within 24 hours.

We also recover hard to clean, oil & coolant-soaked filters.

Reduced TCO

The CDS "One Touch" service to settlement fleet program reduces AP labor, administration and operating overhead. Our system secure asset documentation and service history database allows you to identify proactive -- cost efficient cleaning intervals. That in conjunction with our cleaning and restoration abilities extend filter life, optimize performance, uptime and leverage the financial benefits associated with equipment efficiency and asset longevity
